Question:

Regarding the item “vehicle type” currently shown on the Fixed Penalty Tickets (FPTs) for illegal parking, how does the Force share information on the type of vehicle to which an FPT has been issued with the relevant departments (e.g. via a sharing platform) for reference in planning parking spaces for different types of vehicles?

Asked by: Hon YICK Chi-ming, Frankie

Reply:

Information on vehicle types as shown on the Fixed Penalty Tickets for illegal parking issued by the Police Force is maintained in the Vehicles And Drivers Licensing Integrated Data (VALID) System managed by the Transport Department (TD). Where necessary, TD can retrieve information from the VALID System on the types of vehicles involved in the enforcement actions taken by the Force against illegal parking.
