

Police Touch 2017

Police Touch is an experiential learning programme for youth organized by the Hong Kong Police College. Through the half-day programme, participants can have a chance to taste the life of police training and gain a better understanding of police work.

Programme

Introduction to Police Work

Understanding police work, essential requirements and principal objectives of police training under the guidance of College staff.

Sharing Session with New Recruits

Sharing experience on overcoming difficulties, persevering in training and achieving the mission with participants through interactive discussion.

Demonstration of Footdrill

Instilling a sense of discipline through witnessing police footdrill training.

Team Building

Reinforcing the importance of teamwork, the need to give and take and cooperate by participating in team building exercises.

Experience Police Physical Training

Taking part in some of the police physical training activities to challenge themselves whilst gaining a deeper understanding of the levels of fitness required of a police officer.
